SWITZERLAND ON STAGE AT BIJOU FOR LAST TIME

Switzerland will be transported to Honolulu through the medium of the Juvenile Bostonians' late success, "The Million Dollar Girl," for the last time this evening. The last performance of that delightful comic opera, which has held the stage of the Bijou during the latter part of the week, promises to close with applause ringing.

Beginning Monday, the Juveniles plan to present Barnett's great musical success, "Baron Humbug," which the little players speak of with the highest praise. It will be the current offering at the Bijou for the first three nights of the week, and judging from present indication it will be a record hit.

"Baron Humbug" has a long New York and Chicago record. It is undoubtedly the greatest comic opera Barnett has ever written. In it there is much tuneful music, comedy with out end, and everything else that goes to make a comic opera a winner.

All the favorites in the company have big parts and will sing many song hits. Several specialties are being prepared, which should be given a hearty reception.

Tonight marks the end of the Bostonians' "charity week." Ten percent of all box office receipts, by arrangement between Manager B. E. Lang of the Juveniles and J. C. Cohen of the Bijou, for the week, go to the recreation fund of the Palama Settlement.

BLAIR'S PLAYERS AT THE POPULAR NEXT WEDNESDAY

With the theater thoroughly renovated, with the introduction of the latest approved mechanical appliances for projecting the finest motion pictures being produced on the mainland the Popular theater will again open its doors at the matinee next Wednesday afternoon, "Blair's Great Photo Plays" being the attraction.

"The Two Sergeants" will be the initial offering to be followed by "The Count of Monte Cristo," with James O'Neill in the title role.

Manager Blair announces that the Popular will be the home of the latest offerings from a number of the premier mainland studios with whom he holds exclusive contracts—they having contracted for the filming of the latest successes on the legitimate stage, the most popular books of the day and the stars of the theater world.

Two machines will be used in screening the Blair offerings at the Popular and the reel changes will be instantaneous, being the finest service ever offered in Honolulu. The lights for projecting the pictures from film to screen will be in keeping with the class of pictures shown, being the best obtainable, specially installed for the Blair pictures.

Special matinees for women and children will be given each Wednesday and Saturday afternoon, while the evening performance will be at 7:30 and 9:15.

Many famous players are booked for the Popular in the near future.

SHRINERS WILL INVADE WAILUKU ON AUGUST 22ND

The Nobles of the Mystic Shrine, Aloha Temple, will arrive in Wailuku on Saturday, August 22, about a hundred men strong, on the special steamer from Honolulu. It will be the first time in the history of Maui that the Shriners have honored it with a visit. It is a significant sign of the times, an indication that the get-together spirit is not dead but gaining in strength, the people of the different islands meeting in social intercourse as never before.

This visit of the Shriners is one of the biggest things that has ever happened to Maui. Berger's famous band will accompany the Shriners and give two grand concerts here, one at the Wailuku baseball grounds on Saturday evening, and one outside the court house on Sunday afternoon. Both stands will be erected and electric lights will be supplied at the Saturday evening concert by the Island Electric Company. A big banquet is to be given at the Maui hotel Saturday night. An Arab Patrol, headed by Berger's band will patrol the streets.

The chartered steamer will remain in the Kahului harbor until Sunday night when the pilgrims return to Honolulu.—Maui Weekly Times.

MOSQUITOES? PHONE 3595

The Board of Health requests all householders in Honolulu and vicinity who are troubled with mosquitoes to telephone 3595. Ask for the Mosquito Man, and tell him your troubles. The matter will be immediately attended to.

Helen—"You can always tell an educated man."
Ethel—"Yes, they know so much about football."

DOUBLE BILL DRAWS CROWDS TO YE LIBERTY

Lillie Langtry starring in "His Neighbor's Wife" and Laura Sawyer as Kate Kirby in "An Hour Before Dawn," continue to draw large crowds to Ye Liberty theater where "Blair's Greater Photo Plays" are being presented for the last week. These pictures will be transferred to the Popular Theater next week.

Lillie Langtry gained fame through hobnobbing with British royalty, having been a close friend and boon companion of King Edward when he was Prince of Wales. Through this association Mrs. Langtry became popular in the theatrical world and earned for herself the name of "The Jersey Lily." One of the most beautiful women on the contemporary stage she proved a good drawing card for managers and has been starred in a number of great successes. Her advent into the silent drama caused not a little stir in the theatrical world, also in social circles where she is most popular.

"An Hour Before Dawn" is the sequel to "Chelsea 7750" and is proving as popular as that strong crook play. Police methods in tracking criminals, introducing the "third degree" in vivid and realistic manner, are ably demonstrated in this feature film.

The big double bill will be shown tonight, Monday and Tuesday nights.

MADAME PELE TO BE FEATURE ON "BIG TIME"

"The Spirit of Hawaii," a theatrical sketch calling for a cast of seven persons and requiring about 30 minutes to produce, has been completed by E. A. Douthitt, the local attorney, who contemplates introducing it on the mainland through the medium of "big time" vaudeville circuits. At a meeting of the Promotion Committee yesterday afternoon, Mr. Douthitt presented the matter to the members and requested the endorsement of a presentation of the sketch from a promotion standpoint and under the auspices of the committee.

Following an explanation of the sketch by Mr. Douthitt, the members of the committee expressed their hearty approval of the project and voted their active support in the matter. On account of the sketch being valuable from a promotion standpoint, the committee will recommend favorable action by the Chamber of Commerce.

The sketch is a typically Hawaiian one of two scenes, and is replete with entirely new music prepared by Prof. Carl Mitner. According to the synopsis, Leslie Alden, an English playwright, is working on a new play. He falls asleep in his study and in a dream, sees the perfection of his plot. The dream reveals Lehua, an immortal woman of Hawaii's volcanic region, where Pele, the Hawaiian goddess of fire, is ruling spirit. Lehua loves a man in the upper world who was at one time immortal, but who was driven out by the goddess, turned to stone, and eventually restored to human form. Lehua dreams continually of her lover, and believes he will sometime come to take her with him to the world of daylight.

Alden, in the dream, sees the lover. With the magic power of the kahuna, he passes safely through the fires, meeting Lehua. The priest leaves Alden to his fate. Lehua, however, beseeches Pele for permission to depart with her lover. The goddess consents, the kahuna is thwarted—a dream.

The first scene is the study of the playwright, and the second the pit of the volcano of Kilauea. Through electrical apparatus, Mr. Douthitt believes that he will be able to produce an effect little short of wonderful. The cast includes Lehua, an immortal woman of the volcano; Leslie Alden, a young English playwright; Jones, an English butler; Pele, the goddess of fire; the kahuna, and Lellani and Keleloa, Pele's hula girls. Mr. Douthitt said this morning that the members of the cast will be chosen from among Honolulu's talent, but that he has made no selections as yet.

HILO STREET WIDENING PROJECT SETTLED. SAYS SECRETARY THAYER

W. W. Thayer, secretary of territory, has returned from Hilo where he went in the interests of a settlement of the long drawn out Front street widening project.

"Everything is settled now," he said. "I believe the actual work of straightening the street will begin in a few days. The supervisors have agreed to pay their share of \$2500 as soon as they have that sum of money available. A resolution to this effect was passed."

"So everything is settled now, and the work will go right ahead. The formal papers remain to be signed, but they will be drawn up at once by the attorney-general."

The proposition of widening Front street has been in on one stage or another for many months. A near panic was caused among several hundred women and girls aboard the ferryboat Philadelphia when it collided with a railroad freighter in the North river. Representative C. B. Stimp was re-nominated for Congress at the Republican convention in Bristol, Va.

SAFETY FIRST

When "SHE" Drives

There isn't anything you're not going to do to make motoring safe for her and the kiddies. If you had to you'd be mighty extravagant in order to secure "Safety First" for them.

But you don't have to be. Goodrich takes care of that for you. Goodrich puts the safety in the construction of the tire itself—puts strength and resilience and service in it. And with all that you have anti-skid, anti-slide, anti-slip sureness in

SCHOOL OF MUSKETRY MAY BE ESTABLISHED IN THIS DEPARTMENT

In line with other moves to make the Hawaiian Department sufficient unto itself, it is now announced that a school of musketry, along the same lines as that maintained by the United States army at Monterey, Calif., may be the next addition to Hawaii's military establishment.

Plans are now being drawn up for a modern rifle range at Schofield Barracks, capable of accommodating every

organization now in the Islands, and also those which are expected to be stationed here later on. When this becomes a reality, a musketry school will follow in the natural course of events.

"My idea is to make the Hawaiian Department complete in every detail," said Major A. S. Conklin, chief of staff, this morning. "Officers serving with the colonial garrison should not be taken away from the Islands to complete special courses on the mainland, if the same results can be accomplished here. There is nothing definite regarding a musketry school as yet, but

it is a matter that has been considered at these headquarters."
